OUTDOOR WATERING RESTRICTIONS

Outdoor water conservation helps our region be resilient to drought and maintain water supply for essential needs, fire protection and environmental flows. Our water is a shared resource, thank you for doing your part!

Watering restrictions are in place across the region. If you are a customer of a municipal, improvement district or RDN water system, please visit www.rdn.bc.ca/watering-restriction-map to see which watering restrictions are in place where you live.

Veggie gardens and drip irrigation are exempt from restrictions.
