AUTOMATED CURBSIDE COLLECTION

Automated curbside collection is coming to the RDN in fall 2020. RDN residential curbside collection customers, not serviced by the City of Nanaimo, can check out the new carts at the various display locations throughout the region.

Visit www.getinvolved.rdn.ca/curbsidecollection to find a display location near you and to select your cart sizes.

Select your cart sizes by the December 31, 2019 deadline for a chance to have your 2020 curbside collection fee waived.

If you do not select your preferred cart sizes by the deadline, you will receive a default set which includes a 240-litre recycling cart, 100-litre food waste cart and 100-litre garbage cart.

FLOOD PREPAREDNESS

Are You Ready for Winter?
November to January are the highest risk times for extreme weather, power outages and flooding.

Here's How to Prepare. Make sure you have a current grab-and-go bag. Know where your utilities are and how to turn them off. Remove important items from basement floors. Review your insurance policy. Pets are family too—prepare for them as well.

Plan Ahead. If you have to evacuate, your family may not be together at the time. Have an emergency communication plan, and know how you will reunite after an emergency.

Prepare early if residing in an area prone to flooding, and keep sandbags in place until spring if in use. For tips on how to prepare your home and property, go to www.rdn.bc.ca/flooding.

For current information on flood conditions, monitor Environment Canada at weather.gc.ca and the River Forecast Centre at gov.bc.ca/environment.
