DON'T FORGET!

A reminder to check for split or broken water lines, hose bibs, and irrigation heads as a result of the recent freezing temperatures. Avoid a high water bill by attending to all broken water lines right away.

WHEN SEVERE WEATHER IMPACTS CURBSIDE COLLECTION

Severe winter weather can result in disruptions to curbside collection due to road conditions. If your material is missed on collection day, we will try again for the following two days. Have your material back at the curb by 8:00 a.m. If we still can't pick up your material on the two following days, you will be permitted twice the material on your next corresponding pick-up day.

Check the RDN Curbside App, rdn.bc.ca, Facebook and Twitter for the latest updates.
