Bylaw 500 Review and Update Project

Addendum 1

Issued: April 24, 2020

Closing Date & Time: on or before 3:00 PM Pacific Time on May 8, 2020

Questions & Answers:

- Q1. Do you have a target **completion date or time frame for the project** in mind?
A1. Targeting completion in early 2021 depending on the duration of the Covid-19 pandemic.
- Q2. The RFP speaks to "**live public engagement events**". Are these live events required to be in person, or might we offer online alternatives in light of the COVID pandemic?
A2. With respect to live engagement events, we are very mindful of the social distancing requirements and are open to online/virtual alternatives. We are also open to a hybrid model that could include online and in-person once it is safe to do so. Note, currently, the Government has not provided us with an alternative to in-person Public Hearings, so we are limited in terms of how far bylaw adoption can progress unless a new Ministerial Order is issued.
- Q3. I assume the budget quoted on page 3 is for all engagement and the development of the Land Use bylaw. Please confirm.
A3. Yes, the budget is for all engagement and the land use bylaw.
- Q4. Is the intent that Phase 1 Focus Areas is to be addressed or that all three phases are to be addressed?
A4. The intent is that the budget is to address focus areas included in Phase 1 as well as other potential issues that are raised through the engagement.
