1. INTRODUCTION

The purpose of this Request for Proposal is to solicit submissions from qualified firms to completely rebuild a 2011 Caterpillar 826H Compactor, CAT0826HCAWF00648 with 14,241 hours for the Regional District of Nanaimo (RDN). The unit is located at the RDN Landfill, 1105 Cedar Road, Nanaimo, B.C., V9X 1K9.

As an alternative, the RDN will consider a trade of the above referenced compactor for another Caterpillar 826H subject to the following conditions:

- The exchange unit has less than 15,000 frame hours and has not been involved in a fire;
- The exchange unit has undergone a Certified CAT Rebuild, CAT Certified Powertrain Rebuild or a CAT Certified Component Rebuild; and,
- The exchange unit does not need to be equipped with wheels or a blade.

Proponents are encouraged to submit more than one machine for consideration. Each different machine should be submitted as a distinct and separate proposal. The RDN also has a 2007 Volvo EC210C excavator with 12,164 hours for trade in if vendors are interested in submitting an offer.

This Proposal is conditional and subject to the approval of the Regional District of Nanaimo Board of Directors at its September 15, 2020 meeting.

2. GENERAL SCOPE OF SERVICES

- a) In the case of compactor rebuild: The Vendor will pick up the existing compactor (less wheels and blade) and transport to Vendor's facility. Successful Vendor to coordinate and pay for loading and transportation. Based on the Vendor's instructions, RDN will prepare the unit for shipping. The RDN will remove, store and remount the wheels and blade.
- b) In the case of compactor exchange: The Vendor will deliver the exchange unit without wheels and blades and pick up the existing compactor complete with wheels and blade. (Note the RDN currently has a new spare set of wheels and blade.) Successful Vendor to coordinate and pay for transportation. Based on the Vendor's instructions, RDN will prepare the unit for shipping.
 - a. The exchange unit is to be equipped with auto-greaser; cab filtration equivalent of better than Clean Air Filter model FPS 55 with CAF47R-NH3 filter; radiator guard; rear-view camera; and front and rear no spin differential.
 - b. Preferred equipment is swing out fenders. Optional pricing is requested for a fire suppressant system (Fog Maker automatic system preferred).
- c) In either case of a rebuild of the RDN owned unit, or an exchange unit, work is to include, but is not limited to, splitting the machine, inspecting pins and bushings at pivot

points, refurbished cab, all drive line related components will be inspected or rebuilt to as new serviceability (e.g. engine, transmission/transfer case/drop box/drive line/final drives and axles); replace or rebuild hydraulic components as needed (hydraulic cylinders, pumps, control valve, hoses); service cooling system and new radiator; inspect electrical system and install new main harness; paint and decals. On the existing machine, work will include inspecting/refurbishing the auto-greaser and cab filtration system.

- d) In either case of a rebuild of the RDN owned unit, or an exchange unit, major components must be covered by a CAT dealer supported warranty for a minimum period of 3 years or 5000 hours. Other components not covered by the CAT dealer warranty must be covered by the supply contractor warranty of at least 6 months or 1000 hours.

3. PROPOSAL SUBMISSION AND EVALUATION

To assist in receiving similar and relevant information, and to ensure your Proposal receives fair evaluation, the RDN asks Proponents to provide the following information.

Please include with your proposal:

- a) Brief corporate background, history, and areas of expertise;
- b) Complete exchange information if proposing this option;
- c) Provide trade in information, if proposing this option, outlining how the trade meets the requirements of the RDN;
- d) Rebuild methodology including records of all service work;
- e) Warranty. Please advise complete warranty on entire unit and who will perform warranty work at no cost to the RDN on behalf of the Supply Contractor. Please advise of optional warranty coverages and pricing for each option above the minimum specified;
- f) References from at least three (3) repeat customers;
- g) Turnaround time from initial site pickup to return to site delivery;
- h) Trade in allowance for the Volvo excavator. If not interested, please include a statement to that effect.
- i) Comprehensive proposed fee, in Canadian Dollars, including all transportation costs and any other costs to perform the work in a turnkey manner. Applicable taxes are to be shown separately.

Proposals will be evaluated on the following basis 35% Technical, 65% Financial.

The financial evaluation will consider both the proponent's price and timeline for carrying out the rebuild or supply of an exchange unit. The RDN values the loss of the compactor during the rebuild process at \$10,000 per 30 days or as appropriately pro-rated. The following provides an example of this will be applied:

- Proponent 1 proposes to deliver an exchange unit at the same time the RDN's compactor is picked up. The RDN experiences no down time due to loss of equipment. For evaluation purposes, no negative financial value is applied to the proponent's bid price.
- Proponent 2 proposes to rebuild the RDN compactor over a 75-day period. For evaluation purposes, a financial value of \$25,000 is added to the proponent's bid price (i.e. \$10,000/30 days x 75 days).

The lowest price proposal will receive full marks. Other proposals will receive reduced scores based on the proportion higher than the lowest price. i.e. $\text{Score} = \text{Min Cost} / \text{Cost} \times \text{Fee Points}$.

Proposals submitted should be in enough detail to allow the RDN to determine the Proponent's qualifications and capabilities from the documents received. The selection committee, formed at the RDN's sole discretion, will score the Proposals in accordance with the criteria provided.

The RDN may evaluate proposals on a comparative basis by comparing one proponent's proposal to another proponent's proposal. The RDN reserves the right to not complete a detailed evaluation if the RDN concludes the proposal is materially incomplete or, irregular or contain any financial or commercial terms that are unacceptable to the RDN.

The selection committee may proceed with an award recommendation or the RDN may proceed to enter negotiations with the highest evaluated proponent with the intent of developing an agreement. If the parties after having bargained in good faith are unable to conclude a formal agreement, the RDN and the Proponent will be released without penalty or further obligations other than any surviving obligations regarding confidentiality and the RDN may, at its discretion, contact the Proponent of the next best rated Proposal and attempt to conclude a formal agreement with it, and so on until a contract is concluded or the proposal process is cancelled.

The RDN reserves the right to award the assignment in whole or in part or to add or delete any portion of the work. Throughout the evaluation process, the evaluation committee may seek additional clarification on any aspect of the Proposal to verify or clarify the information provided and conduct any background investigation and/or seek any additional information it considers necessary.

4. PROPOSED PURCHASE CONTRACT

The RDN's preferred form of Contract is attached herein. Proponents should carefully review this form of Contract. Proponents may (but are not required to) request that RDN consider revising the form of Contract, including the scope of Services. Proponents should submit such requests to the RDN well before the Closing Date and Time. If the RDN agrees to a request received prior to the Time, then RDN will issue an Addendum to modify the Contract. Failure to do so means acceptance of the agreement as presented.

4.1.4 The indemnity provided in this clause by the Supply Contractor to the Indemnified Parties shall not in any way be limited or restricted by any insurance or by limitations on the amount or type of damages, compensation or benefits payable under the Workers' Compensation Act or any other similar statute.

4.2 INSURANCE

4.2.1 General

The Supply Contractor and subcontractors shall provide at their own cost any insurance which they are required by law to provide or which they consider necessary to protect their own interests.

4.2.2 Indemnity Not Restricted By Insurance

The provisions for insurance shown above shall not in any way limit the indemnity granted by the Supply Contractor to the Indemnified Parties elsewhere in this section.

4.3 PATENT, TRADEMARK OR COPYRIGHT

4.3.1 The Supply Contractor represents that it has fully investigated all Specifications, including any furnished by the Corporation, in connection with the Goods and based on such investigation and its past experience and superior knowledge with respect to such Goods has determined that the production and supply thereof will not infringe any patent, trademark or copyright.

PART 5 SHIPMENT OF GOODS/DAMAGE TO GOODS**5.1 SHIPMENT OF GOODS****5.1.1 Delivery of Goods**

The Supply Contractor must deliver the Goods to the Delivery Point. Delivery of the Goods to a carrier for transmission to the Delivery Site does not constitute delivery of the Goods to the Corporation. Any such carrier is deemed to be the Supply Contractor's agent and not the Corporation's agent.

5.1.2 Delivery Costs

The Supply Contractor is responsible for all costs and expenses whatsoever in relation to the supply and delivery of the Goods to the Delivery Point, including without limitations, all shipping, carrier, transportation, freight, insurance, storage, handling and off-loading costs, as well as any customs or excise charges or duties.

5.1.3 Supply Contractor to Bear Risk

The Supply Contractor shall bear all risks and shall assume all responsibility for the Goods, including, without limitation, any loss or damage to the Goods from any cause whatsoever, up to and including the delivery and off-loading of the Goods at the Delivery Point.

5.1.4 Loss or Damage

If loss or damage to the Goods occurs for which the Supply Contractor is responsible, the Supply Contractor shall immediately effect repairs or replace any property as necessary in order to make good any such loss or damage. If the Supply Contractor refuses or neglects to do so, the Corporation may make good any such loss or damage, either by itself or by employing some other person, and the expense of doing so shall be charged to the Supply Contractor. If any repair or replacement of property is performed on the Goods as a result of loss or damage to the Goods for which the Supply Contractor is responsible the Supply Contractor represents and warrants that the warranty provided shall not be affected or changed to any manner or respect whatsoever.

5.1.5 Acceptance of Delivery of Goods by Corporation

Notwithstanding any other provision in the Contract Documents, the Corporation is not deemed to have accepted the Goods until the Goods have been delivered to and off-loaded at the Delivery Point and the Corporation has had a reasonable opportunity of examining them for the purpose of ascertaining whether they are in conformity with the Contract. The Corporation's acceptance or deemed acceptance of the Goods shall not prejudice any rights or remedies the Corporation may have hereunder relating to Goods that are found to be non-conforming, unsatisfactory, defective, of inferior quality or workmanship, or which fail to meet any specifications or requirements of the Contract Documents.

PART 6 PROGRESS AND COMPLETION

6.1 CONTRACT TIME

6.1.1 Prosecution of the Goods

Time shall be strictly of the essence. The Supply Contractor shall supply the Goods in accordance with the Contract Documents. The Supply Contractor acknowledges that the schedule for supply of the Goods as set out in the Contract Documents is reasonable.

6.1.2 Schedule

The Supply Contractor shall provide a schedule and periodic updates co-ordinating the supply of Goods within the prescribed time. Contract time extensions, if any, shall be incorporated into updated schedules. The failure of the Supply Contractor to comply with this requirement may entitle the Corporation to terminate the Supply Contractor's right to continue with the supply of Goods or to delay progress payments.

6.2 TERMINATION

6.2.1 The Corporation may terminate the Contract if the Supply Contractor at any time becomes bankrupt, makes an assignment of his property for the benefit of his creditors, or if a receiver or liquidator should be appointed. Such termination shall be effective upon the Corporation giving notice thereof.

6.2.2 The Corporation may terminate the Contract if at any time the Corporation forms the opinion that the Supply Contractor is in default under this Contract because the Supply Contractor:

- (1) has breached a fundamental term of the Contract or is in substantial breach of the terms of the Contract;
- (2) has failed to supply the Goods, within the time specified in the Contract Documents or extensions mutually agreed between the parties in writing;
- (3) has failed or is failing to furnish or to maintain a detailed schedule;
- (4) has become in any way unable to supply the Goods or any part thereof;
- (5) has repeatedly failed to make prompt payments to subcontractors, suppliers or others for labour, materials or equipment; then the Corporation may give notice in writing to the Supply Contractor of such opinion and require that such default or defaults be remedied forthwith. If, within five Days of such notice, such default or defaults are not remedied to the satisfaction of the Corporation, the Corporation may terminate the Contract. Such termination shall be effective immediately.

6.2.3 The Corporation may terminate the Agreement, without any cost or penalty or consequence whatsoever, if it concludes, acting reasonably on the information available to it, that the Contractor is in material non-compliance with, or has been convicted of a material offence or violation of, health, safety, labour or environmental laws.

6.3 NO CLAIM

Except as herein before provided, the Supply Contractor shall have no claim against the Corporation for any reason whatsoever by reason of the termination of the Contract.

PART 7 PAYMENT

7.1.1 Payments to the Supply Contractor will be made as per the Supply Agreement

7.1.2 Notwithstanding Clause 7.1.1 the Corporation may withhold from payment:

- (2) Any deduction the Corporation may be entitled to under the Contract;

- (3) Such reasonable amount as the Corporation determines appropriate with respect to any part of the goods otherwise not in compliance with the Contract Documents.

7.1.3 Payments may be withheld until the relevant operating manuals and all operating and maintenance materials together with all warranties have been delivered to the Corporation.

7.1.4 In addition to any other remedy the Corporation may have in the Contract or law, the Corporation may refuse to make payment because of subsequently discovered evidence or test results, and shall be compensated for any payment previously made to the Supply Contractor to such extent as may be necessary to protect the Corporation from loss as a result of:

- (1) Defective or damaged Goods;
- (2) A deductive change order;
- (3) Failure of the Supply Contractor to supply the Goods in accordance with the Contract Documents, including failure to maintain the supply of the Goods in accordance with the schedule;
- (4) Disregard by the Supply Contractor of the authority of the laws of any public body having jurisdiction.

The Corporation may refuse to make payment of the full amount because of claims made against the Corporation on account of the Supply Contractor's performance or supply of Goods. In such case, the Corporation shall give the Supply Contractor prompt written notice stating the reasons for each action.

7.1.5 The Corporation may withhold from payment to the Supply Contractor:

- (1) Any set-off the Corporation may be entitled to under the Contract;
- (2) The amount of any bona fide builder's lien claim asserted against the Corporation or which the Corporation acting reasonably anticipates will be made against the Corporation.

7.1.6 Prior to payment to the Supply Contractor, if requested by the Corporation, the Supply Contractor shall deliver to the Corporation a statutory declaration in form satisfactory to the Corporation declaring that all subcontractors, labour and accounts for material and equipment have been paid and that no persons, firms or corporations have any lien against the lands comprising the

Delivery Point or the work together with such other documentation as the Corporation, acting reasonably, determines is necessary or desirable.
