Questions & Answers

- Q1.** Is it intended that the entire fence be removed or only the section of fence that is currently in the parking lot area?
- A1.** Remove the existing fencing and posts only within the area to be paved. Terminate the remaining fence beyond paved areas in a good and workmanlike manner in keeping with style of fence.
- Q2.** As per addendum 1 - Q&A 4 - it states measurement for the granular base can be done by truck count. Can this item be changed to per tonne, instead of per m2? We can then provide the scale tickets for billing purposes.
- A2.** No, as this item includes grading and compaction of material as well.
