

REQUEST FOR PROPOSALS No. 22-058

Church Road Transfer Station Tipping Floor Resurfacing

Addendum 1

Issued: June 9, 2022

Closing Date & Time: on or before 3:00 PM Pacific Time on June 28, 2022

This addendum shall be read in conjunction with and considered as an integral part of the Request for Proposal. Revisions supersede the information contained in the original Proposal or previously issued Addendum. No consideration will be allowed for any extras due to any Proponent not being familiar with the contents of this Addendum. All other terms and conditions remain the same.

Questions & Answers

- Q1.** Any demo works? If yes, please provide us with the assessment report if we need to dispose any materials.
- A1.** Depends on the vendor's approach to the work. If the vendors choose to replace the concrete, then an assessment report should be included as part of the vendor's proposal. If a vendor recommends a top coat in their proposal, there is no need for any demolition work, it would be just preparing the surface to bond the coating to the existing tipping floor.
- Q2.** Any security bond required for this job?
- A2.** Bonding is not required.
- Q3.** The price depends on type of concrete, bonding agent, thickness, rebar etc. What is your min. expectation?
- A3.** Expectations are outlined in the RFP.
