

Temporary Closure of Descanso Bay Emergency Wharf

Due to damage caused by a log to the emergency wharf at Descanso Bay, Green Wharf will be used by emergency services personnel for up to the next five weeks while repairs are undertaken. The public is asked to not moor boats in the wharf area designated for emergency services. All other space on the wharf is available to the public.

Emergency vehicles bringing patients for transport to Nanaimo will need to park on Wharf Road after ferry services stop for the night. Please do not park along the section of the road that is next to the Green Wharf dock. Thank you for your cooperation.
