New Playground in Errington Community Park Complete

The Regional District of Nanaimo (RDN) is pleased to announce the new playground in Errington Community Park is complete. Families can enjoy many features including play structures, swings and a sand area. Errington Elementary School donated art made by kindergarten students, which was revealed during a small celebration and now adorns the playground fence. Errington Elementary and Heartwood Home Learning held a competition to name the new playground. Ideas from both schools were combined to come up with Wild Rose Castle Playground.

Other improvements to the park include a new picnic shelter and BBQ area, new access pathways, trees and planting beds. The new amenities reflect the community's input during the planning and design phases and enhance this popular park for a broad range of ages and recreational interests.

Errington Community Park hosts many activities and events throughout the year, including the Errington Farmer's Market.
