BOARD APPOINTMENTS

Would you like to be more involved in your community? Do you have experience or interest in the field of parks, recreation, culture, agriculture, waste management, planning, climate, or drinking water and watershed protection?

We are now accepting applications for one-, two- or three-year terms on a variety of advisory committees.

The application deadline is Monday, November 14, 2022, at 4:30 p.m.

To download the application form, and for details on the committees and community members needed, visit www.rdn.bc.ca/board-appointments.

HOME ENERGY ASSESSMENT REBATES

Get ready for winter with a home energy assessment!

A home energy assessment gives you the information you need to make your home more comfortable while keeping energy bills low. RDN and federal assessment cost rebates are available to Electoral Area residents who have their home assessed using the EnerGuide Program. There are also federal and provincial rebates for renovations that improve the energy efficiency of your home.

Now is the time to apply! Visit www.rdn.bc.ca/home-energy-assessment.

BYLAW 500

The RDN is updating its Land Use and Subdivision Bylaw No. 500, 1987 (Bylaw 500). Bylaw 500 regulates the use of land, buildings and structures in following five electoral areas.

Electoral Area A (Cedar, Yellow Point, Cassidy, South Wellington)

Electoral Area C (Extension, Nanaimo Lakes, Jingle Pot)

Electoral Area E (NanOOSE, Fairwinds, Red Gap)

Electoral Area G (Englishman River, San Pareil, French Creek, Little Qualicum, Dashwood)

Electoral Area H (Bowser, Horne Lake, Deep Bay, Qualicum Bay)

The Bylaw 500 Review and Update Project will improve bylaw components that are unclear, inconsistent, or are challenging to administer or enforce.

The draft Zoning Bylaw is available for public review and input will be sought on the proposed changes via an online survey and workshops. To read the draft, learn more about the project and ways to participate, and to sign up to receive project updates, visit www.getinvolved.rdn.ca/bylaw-500-review or scan the QR code.

ELECTRIC HEAT PUMP REBATES

Heating, Cooling and Increased Comfort with an Electric Heat Pump.

Planning home upgrades? Access over \$11,000 in federal/provincial rebates plus RDN top-ups when converting from a fossil fuel (oil, gas, propane) or wood heating system to an electric heat pump. A heat pump takes the place of both an air conditioner and a heating system, keeping you warm in the winter and cool in the summer! Switching to an electric heat pump provides year-round comfort, better indoor air quality and reduces home greenhouse gas emissions by over 95 per cent compared to natural gas or oil heating.

Find out what rebates are available at www.rdn.bc.ca/rdn-rebates.
