

REQUEST FOR STANDING OFFERS

24-030 Engineering and Geoscience Consulting Services

Addendum #3

Issued: May 14, 2025

This addendum shall be read in conjunction with and considered as an integral part of the Request for Standing Offers. Revisions supersede the information contained in the original Request for Standing Offers. No consideration will be allowed for any extras due to any Proponent not being familiar with the contents of this Addendum. All other terms and conditions remain the same.

Questions and Answers

This following is a compilation of questions received from possible proponents from May 9, 2025, to May 14, 2025, and the answers to these questions:

Q1. Can we use 11 x 17 pages for the Org Chart and tables?

A1. Yes, 11x17 could be used for the org chart and tables.

Q2. For a multi-category submission, does the Regional District want Proponents to have distinct sections for staff and projects per area of specialization? Or can we include them altogether as long as the categories are noted for each project and personnel?

A2. Both the above options could work. If staff are included all together, the area of specialization should be presented by project and for each personnel. A table could be provided to present this information.
