1. The tendered price for Part 1 – General Requirements shall not exceed 10% of the total tender amount, with 50% of the price paid following mobilisation and 50% following demobilisation.
2. Work under 5.5 – Habitat Channels is a provisional work item and shall not be included in the Tender Price.

PROVISIONAL ITEMS

The provisional work under 5.5 – Habitat Channels is not included in the Tender Price and shall not be considered with the Tender Price for the purpose of establishing low bidder. Total Tender Price will establish low bidder. If work under 5.5 – Habitat Channels is authorized, the *Owner* shall issue a change order based on the unit rate for habitat channel excavation included below. Measurement for such changes shall be based on a neat-line comparison of surveyed

subgrade and finished grade topographic surfaces, carried out by the *Consultant*. The unit rate for habitat channel excavation shall be valid for all volumes up to 250 m³.

FORCE ACCOUNT AND UNIT RATES

The force account and unit rates stated below will be used to establish prices for change order or change directive work, other than for work under 5.5 – Habitat Channels. The Tenderer may provide a separate list of rates in lieu of completing the force account labour and equipment tables. Unit rates for earthworks, concrete, and habitat channel excavation are based on neat line volumes. Unit rates for revegetation planting shall be inclusive of beaver exclusion fencing or guards, mulching, and soil amendment. The *Owner* or the *Contractor* may request an adjustment to the unit rates only if the associated quantity in the change order or change directive exceeds ±20% of the quantities shown on the drawings.
