

## Arbutus Reservoir Repair

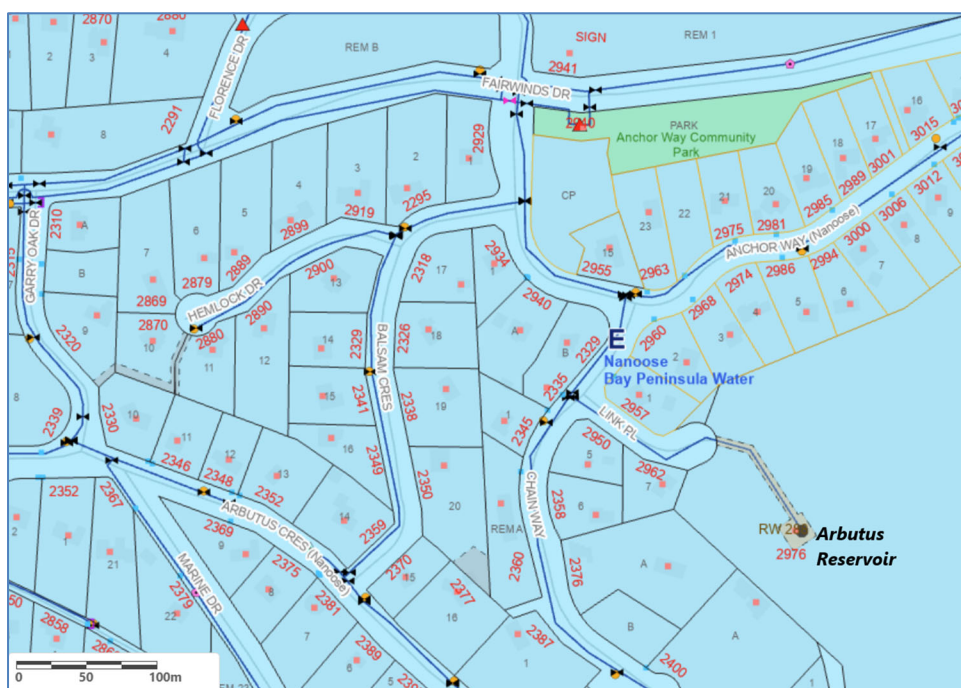

**Date:** August 12 to November 15, 2025

**Time:** 7 a.m. to 7 p.m.

The Regional District of Nanaimo (RDN) will be doing a significant renovation of the potable water reservoir located in 2976 Link Pl, Electoral Area E (Nanoose Bay). The works include replacement of the reservoir roof, interior liner and external ladder and cage.

The reservoir will be disconnected from the water distribution network during the construction, however, the water supply in the neighbourhood will not be interrupted due to the continuous operation of the booster pump at the Fairwinds Drive and Anchor Way intersection. Customers may experience small pressure fluctuations.

Low levels of construction noise can be expected during construction and there will be no disruption to local traffic. For your safety, please remain alert to work activities and obey any posted signs if you are near the construction site.
