

## Service Impacts to RDN Curbside Collection

Due to an emergency event at a Regional District of Nanaimo (RDN) solid waste partner facility, there are service impacts to the RDN Curbside Collection program. Effective immediately, residents in central and northern RDN communities can expect unpredictable service delays, interruptions and potentially missed curbside collections on recycling-organic collection days. Garbage-organic collection days will not be impacted. Residents are encouraged to download the RDN [Curbside app](#) to receive direct updates on any impacts to services.

The RDN and its contractors are working on potential solutions to minimize service impacts. Further communications to residents will be provided via the Curbside Collection app, social media and RDN website.

Residents should be aware that collection updates through the Curbside Collection app may be provided as late as 6 p.m. on collection day. Residents should continue to set their recycling carts out on their scheduled recycling-collection day. If recycling-organic collection is missed, affected residents can drop off recycling and organic materials at the Church Road Transfer Station and the Regional Landfill free of charge during the disruption period.

For information on curbside collection, schedules, updates and to download the RDN Curbside app, visit [www.rdn.bc.ca/curbside](http://www.rdn.bc.ca/curbside).
