

Construction Notice – Maple Lane Community Park Temporary Full Closure September 28 – October 2

To improve the condition of the field, field levelling and grass seeding will take place from September 28 to October 2. During this work, the park will be fully closed to the public to ensure public safety.

Once seeding is complete, the field will remain closed until early November, or until the new turf has become sufficiently established. Keeping foot traffic off the field during this period is essential to the success of the restoration work and will help establish healthy, durable grass for future use.
