- ☐ Driveway / Access / Lane
- ☐ Height Survey May be Required

ADDITIONAL DOCUMENTS

Provide as applicable

- ☐ Appointment of Agent

BUILDING PERMIT PROCESS

Application Review Steps

1. Applicant contacts Current Planning to obtain a preliminary planning review form (will require the site plan and property declaration form)
2. Applicant submits the building permit application documents through the **RDN CityView Portal** (<https://cv.rdn.bc.ca/NanaimoPortal>) . Please follow the link to set up your portal account
3. A building clerk reviews the online building permit application for completeness. If incomplete items are supplied or items are missing, an incomplete application letter will be issued to the applicant and application will be placed On-Hold until all required documents have been received. This does not hold a spot in the queue until a complete application is received.
4. Upon the acceptance of a complete submission, the application will enter the plan check queue, pending review by a Building Official.
5. A Building Official will complete a site visit to review the location of the proposed work.

6. A Building Official completes a technical review of the submitted plans and documentation to ensure conformance with the BC Building Code and local bylaws. Where changes or additional information is required, a corrections letter will be sent to the applicant. The applicant will be required to address outstanding issues and required changes and submit all outstanding items in one submission through the portal.
7. A planner reviews the submitted plans for conformance with local zoning bylaws. The planner will contact the applicant or property owner directly with any concerns.
8. Once the permit application is approved and ready to issue, the applicant will receive an email to let them know the building permit is ready, with the outstanding fees and instructions to download the approved plans and documents. Approved plans and documents are identifiable by a "FIELD COPY" stamp. The permit is issued with the condition that the construction is to be done as per the approved drawings, permit conditions and BC Building Code.
9. All documents need to be printed in colour to be onsite for all inspections.

BUILDING PERMIT COSTS

Permit processing fees are non-refundable and shall be credited to the building permit fee prior to issuance

Application Processing Fees

Permit processing fees are collected at application as per Bylaw 1595.01 and can be found online at rdn.bc.ca/building-permit-application-fees:
