

Improvement District Water Service Area Declaration Form

Legal Description:

Property Address:

Your property is within an Improvement District water service area. It is your responsibility to ensure there is a supply of potable water for this proposed construction as per the BC Building Code.

It is strongly advised that you discuss with your Improvement District your proposal and ensure that your water supply is secured BEFORE you sign for and accept your building permit. Building application fees are non refundable.

I (we) acknowledge that I (we) are familiar with the property and with our Improvement Districts requirements on new water connections.
