

# Improvement District Water Service Area Declaration

(To be used in support of a Building Permit Application)

Legal Description:	
Project Address:	

Your property is located in an Improvement District water service Area as noted below. Every water distribution system shall be connected to a public water main. It is your responsibility to ensure there is a water system designed to meet the peak demand for the proposed construction as per BC Plumbing Code and will be a requirement for Occupancy Permit.

Improvement District:

- Deep Bay Improvement District
- Epcor's Water Service Area (French Creek)
- North Cedar Improvement District
- Qualicum Bay Horne Lake Waterworks District

The RDN would like to advise you to discuss your proposal with your Improvement District and ensure that your water system is secured prior to making your building permit application as the application fees are non refundable.

**The undersigned being the agent/owner of the above noted property acknowledge that the property is located in an Improvement District Water Service Area and are responsible for ensuring there is a water system available in conformance with the BC Plumbing Code.**
