1

Importance
of **WATER**

LAND ACKNOWLEDGEMENT

Let us respectfully acknowledge that the lands and waters where we live are within the traditional territories of the Coast Salish First Peoples.

Earth's Water Song

WATER SCIENTISTS

LOOK

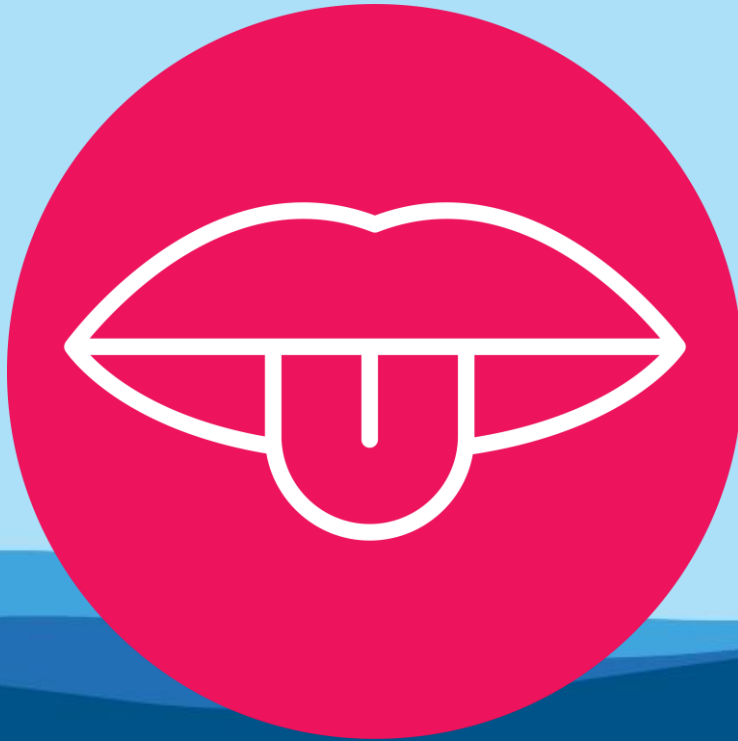

Clear or cloudy?

SMELL

Clear or cloudy?

TASTE

Clear or cloudy?

WHAT IS IT?

Freshwater or saltwater?

How much freshwater?

GAME

Ocean

Movement
of **WATER**

WATER ON THE MOVE

WHAT YOU NEED:

- 6 cups or clear containers
- 6 pieces of paper towel
- Red, yellow and blue food colouring
- Marker

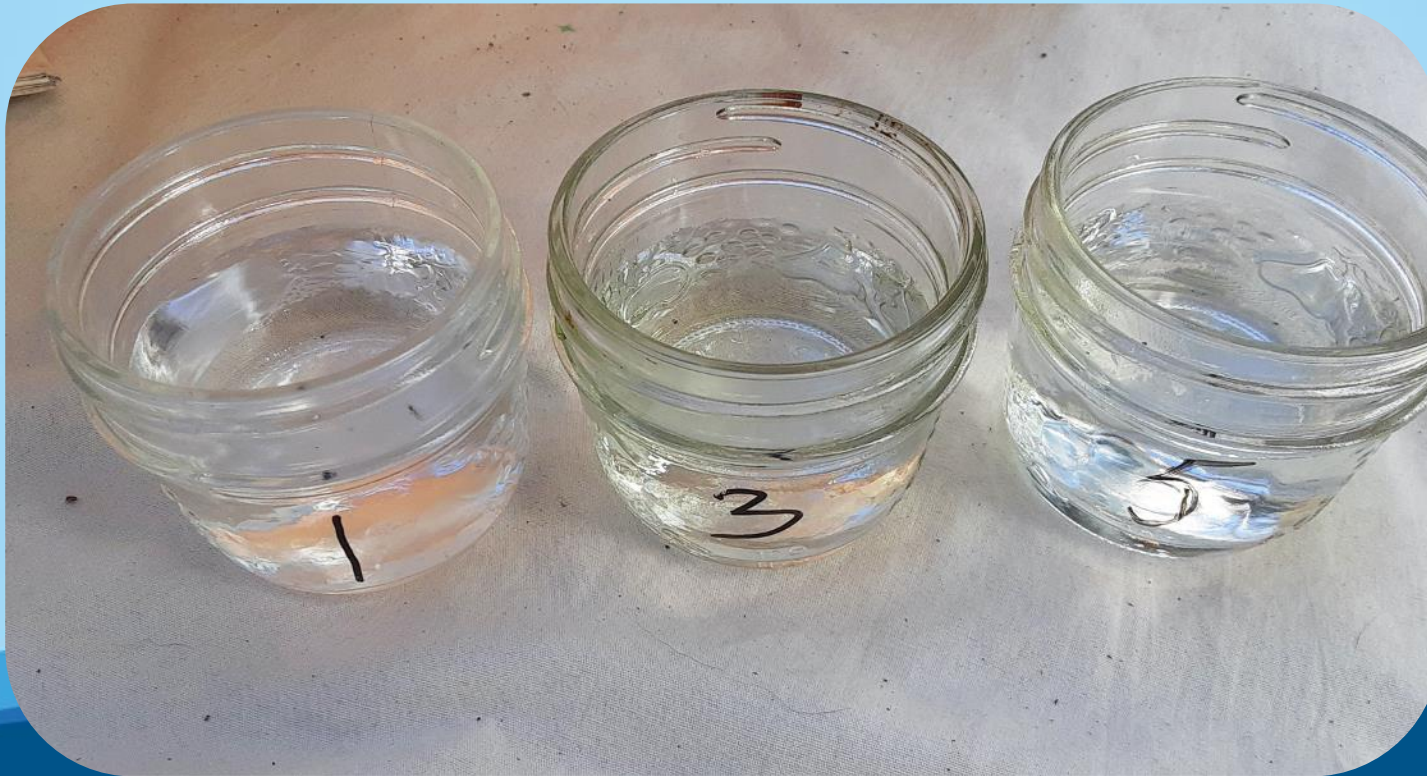

STEP 1

Label your cups 1-6

STEP 2

Fill cups 1, 3, 5 with water

STEP 3

Put 10 drops of red in cup 1

STEP 4

Put 10 drops of yellow in cup 3

STEP 5

Put 10 drops of blue in cup 5

STEP 6

Place cups in order, in a circle

STEP 7

Fold 6 pieces of paper towel length-wise

STEP 8

You might have to cut the paper towel shorter so it fits!

Put one end of paper towel in cup with water,
and one in empty cup

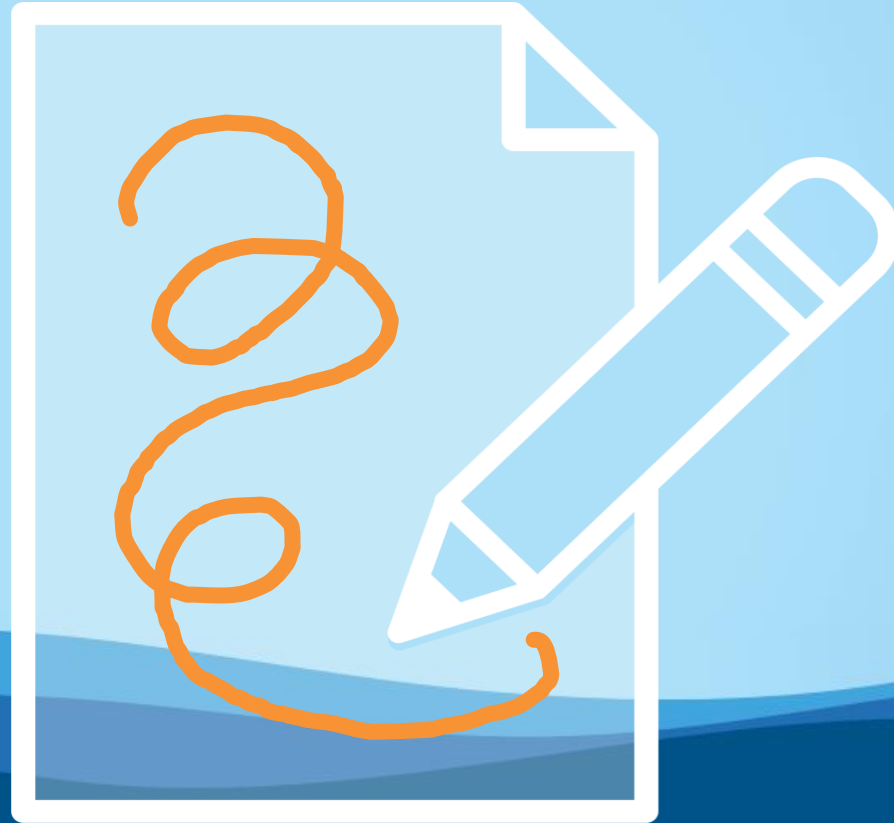

STEP 9

**Keep checking
what's happening!**

Now we wait!

DRAW

what you think will happen

DRAW

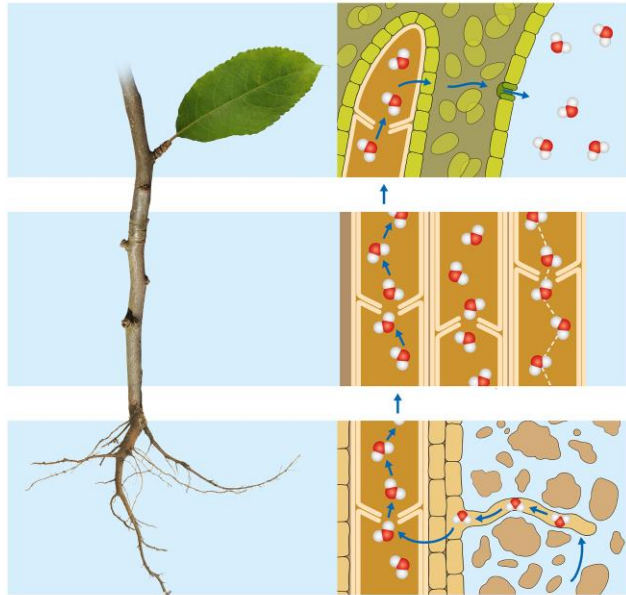

what actually happened

THIS IS OURS

WHAT HAPPENED?

Transpiration!

Water
WRAP UP

The graphic features three stylized orange fish with pink fins and eyes, arranged around a green life preserver. The fish are positioned at the top, bottom-left, and bottom-right. The background consists of light blue waves at the top and dark blue waves at the bottom. The text "Water BINGO" is centered over the life preserver.
