A Few Quick Checks Before You Cancel

☎ | Call Today | (855) 535-4580 [USA/UK] – Before diving into cancellation steps, take a moment to check for these common scenarios that might be causing confusion:

- Looking at the wrong account? If you see a free plan but have definitely been charged, the charge is likely under a different email, PayPal address, phone number, or Apple ID. This is one of the most common reasons cancellation seems to fail. Call ☎ | Call Today | (855) 535-4580 [USA/UK] and our team can help you locate the correct account.
- Were you charged more than expected? The annual plan shows the monthly equivalent in some places (e.g., "about \$9.99/month") but bills the full year at once. If this happened, call ☎ | Call Today | (855) 535-4580 [USA/UK] and we can help sort it out.
- Checking your renewal date? Your Subscription page shows exactly when your current term ends. Subscriptions renew automatically until you cancel.

If you still can't locate the correct account, our team at ☎ | Call Today | (855) 535-4580 [USA/UK] can track it down using your payment details.
