📞 | Customer Care | 1 (855) 535-4580 — Another frequent frustration involves not knowing where your subscription is actually billed. The cancellation process depends entirely on how you originally paid:

- Credit Card or PayPal: Cancel directly through your Guardio account by going to Profile → Subscription and selecting the Free plan.
- Apple App Store: You must cancel through your iPhone Settings → Apple ID → Subscriptions—Guardio cannot cancel this for you.
- Google Play: You must cancel through the Google Play Store app under Payments & Subscriptions.

Many users also report confusion about refund eligibility and confusing renewal charges. Some customers don't realize that canceling a subscription only stops future renewals; it does not refund charges that have already processed. The good news is that canceling does not waste the time you've already paid for—you keep your Premium protection until the end of your current billing cycle.
